I don't see available times sooner so let's plan to discuss the response to VW's engine inquiry at next week's permit team meeting. Attached is the latest email exchange for Mike's awareness. I replied to the contractor and let him know a response would not be coming until at least next week.

Draft Agenda:

- VW engine question (see attached email)
- NNSR and bump up – implementation questions for CT
- Mayflower Wind Scoping Comments
- Orsted call debrief and follow-up
- VW common control status
- Topics for upcoming OCS workgroup call
 - Major to minor source
- MA T5 permit review for Pittsfield Generating Power Plant
- South Fork RTC and hearing check in
